ADVOCATES OF TEMPERANCE.

Meet in St. Rose Hall--Officers of the Scranton Diocesan Union Present.

A meeting was held on Thursday evening which was attended by members of the local temperance societies of this city. The meeting was called to order by William Malloy, A. F. Hanks, of the Pioneer society, was chosen president, and Mr. Malloy secretary. The presiding officer read a letter from Rev. T. F. Coffey, regretting that absence from the city prevented him from being present. After a few remarks he introduced President O'Hara, of the Catholic Total Abstinence Union, of the Scranton diocese. Mr. O'Hara then spoke upon the condition of the societies. He gave credit to Carboda for excellent work in behalf of the temperance cause. The membership had increased during the two years past and was now about 8,000. While there are many temperance advocates, all do not belong to societies. There is need of organization in order to do more effective work. It is organized, he said, for a special purpose, and is encouraged by the Catholic church. He mentioned what had been accomplished in Wilkes-Barre, Scranton, Freeland and other places. At Wilkes-Barre the St. Aloysius society had established a night school and about 100 members of that organization attended it. President O'Hara mentioned the annual convention soon to meet at Nanticoke, and advised the societies to be represented by delegates. He spoke also of the national convention to be held in Scranton beginning on Aug. 15 and hoped that good representatives would come from Carboda. The people of Scranton are endeavoring to make it the grandest convention ever held in America. After this practical address, Vice-President McCoy made an earnest appeal in behalf of the cause and showed the great good accomplished by united effort. Secretary F. W. Early said that a report received from different societies were not all as encouraging as they desired, and yet two adult societies, one cadet society and one lady organization had been formed during the year.

Remarks followed from Hon. John Kelly, Frank McCafferty and several others.

Baptist Sunday School Election.

The annual reports of the Baptist Sunday school were presented on Thursday evening at a business meeting and officers were elected as follows: Superintendent, W. P. Nye; assistant superintendent, W. P. Nye; secretary, Frederick Hauenstein; treasurer, A. S. Lewsley; librarian, G. W. Bly; organist, Minnie Tallman. The secretary's report showed an encouraging increase in membership. A healthful steady improvement showed gratifying results. The treasurer's report gave the receipts for the year the amount of \$498.57, and the expenditures of \$352, leaving a balance of \$146.57 in the treasury.

Columbia Hose Company Meets.

When new members are received hereafter into the company they will be duly initiated with appropriate ceremonies. George Edwards and John Brennan will act at the next initiation as sergeants-at-arms.

The wife had been made wretched for some time by his brutal treatment. The evidence showed very conclusively that his conduct had been very abusive. He was held in jail at \$200 for appearance at court.

This motion was carried. Councillman Walters reported that the auditors on Fourth street was now completed in a satisfactory manner. George Edmunds stated that he did not think it right to apply to court for a commission in regard to the boundary line, and that the Mayfield council had not seen treated with respect. The auditors took the floor and explained that the Mayfield council had appointed a committee to confer with the Jermyrn committee, and then Mr. Willman said to the Mayfield council that a line could be established only by court. H. D. Swick made a motion that the auditors report be accepted, and the same be paid. The following were appointed special police for the ensuing year: William H. Lutey, Jesse Avery and John J. HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine turns white, it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and sealding pain in passing it, or bad effect following it. It tones up the wine of beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists; price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free, mention this Tribune and send your full postoffice address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
